

Procurement Policy

August 2024

Aggregate Industries, part of Holcim, is a leading supplier to the construction and infrastructure industries in the UK and northern Europe. We produce and supply a wide range of construction materials and solutions including aggregates, recycled and secondary aggregates, cementitious materials, asphalt, ready-mixed and precast concrete products. We also transport and treat waste materials as part of our delivery process and operation and are a major provider of road surfacing and civil engineering.

PROCUREMENT POLICY

We are committed to conducting business responsibly and creating value for all stakeholders. We take that commitment seriously at each stage of our Procurement process and we expect our suppliers to do the same.

We will:

- ▶ Conduct business in a fair, objective and transparent manner in line with the principles set out in our Code of Business Conduct

Develop sustainable supply chain strategies based upon Total Cost of Ownership (TCO). TCO is calculated taking into consideration purchase price, quality, service, health, safety, environmental impact, warranty, terms and conditions, innovation and supply chain risk

Continue to be a strategic partner of the Supply Chain Sustainability School and encourage our suppliers to support our aims and commitments

Encourage innovation and development of collaborative relationships with suppliers who:

- Comply with our Supplier Code of Conduct
- Meet our health and safety, environmental, energy management, quality, sustainability and ethical trading requirements
- Align with Aggregate Industries corporate policies, strategies and values
- Comply with country laws and regulations
- Reduce our carbon footprint by trading electronically where possible
